Use the powerful search and browse tools to find the perfect titles and clips for lectures and assignments.

Once you find the clips you need, use the Add to Playlist tool or the embed code to provide instant access for students through your online course management system.

HEALTH & MEDICINE STREAMING VIDEO COLLECTION

All titles are segmented into short, pedagogical clips, ideal for intermittent use during classroom lectures. For classwork viewing, students can choose to watch an entire film without interruption. Titles within the collection are sorted across 70 distinct, browsable subject categories (e.g., The Healthcare System, Ethical Issues, Weight Control & Eating Disorders, Aging), enabling refined searches for available titles in specific topic areas.

Here's a sampling of the collection highlights:

World Medicine

A 40-episode look at ancestral medical practices from all over the planet and the lives of the women and men who care for others.

EXCLUSIVE

Reinventing Health Care— A Fred Friendly Seminar

A panel of who's who in the health care industry explores the dilemmas and urgently needed policy decisions surrounding what has become, literally, a life-or-death issue.

Multiple episodes of the BBC's acclaimed *Horizon* series, including *Immortal?: A Horizon Guide to Aging*; *Diet: A Look at Processed Food, Nutrition, and Obesity in the 20th Century*; *Obsessive Compulsive Disorder*; *The Truth about Fat*; *Sex, A Horizon Guide*; *E-Cigarettes: Miracle or Menace?* and more.

EXCLUSIVE

Healthy Eating: A Guide to Nutrition

A five-part series that covers basic nutrition, weight management, eating disorders, nutrition for athletes, and food safety and disease prevention.

EXCLUSIVE

The People's Health

Through six powerful observational films based on compelling human dramas, explore major health issues facing the world today, such as what makes a good doctor, how to work with big pharma, and how to provide affordable care to the poor.

EXCLUSIVE

Kill or Cure

A 18-part series that focuses on a different disease and the attempts to develop treatments that are effective and affordable for the world's poor in each episode.

The Trouble with Chicken

Investigates the complex world of food safety through interviews with local and national

public health officials as well as victims and a top-level poultry industry executive. This PBS documentary reveals the discrepancies that exist when it comes to foodborne bacteria such as *Salmonella*.

EXCLUSIVE

The Human Body: How It Works

Comprehensive nine-part series that details the inner and outer workings of the human machine.

AWARD WINNER

Aged Care

A six-part allied health series on how to manage common and serious health problems among elderly populations.

Titles that address the U.S. opiate epidemic, including *Chasing Heroin*; *Breaking Point: Heroin in America*; *Heroin: Cape Cod, USA*; *Oxyana*; and *The Severe Dangers of Opioid Painkiller Fentanyl*.

Ken Burns Presents: Cancer—The Emperor of All Maladies

Six-hour PBS series interweaves a sweeping historical narrative with intimate stories about contemporary patients and an investigation into the latest scientific breakthroughs that may have brought us to the brink of lasting cures.

Several titles on alcohol use and abuse, including *Louis Theroux: Drinking to Oblivion*; *The Truth about Alcohol*; and *Is Binge Drinking Really That Bad?*
